

REMINDER -Two-Hour Delay In Effect For 2016-2017 School Year

This is a reminder that the “two-hour” delay option will be selected when the weather conditions are such that an additional two hours of work by road crews would make roadways safe for travel. With the option of the “two- hour delay” we will more likely be able to have school and avoid using as many calamity days.

Two-Hour Delay Procedures

- The Stow-Munroe Falls City School District plans to use a two-hour school opening delay in the event of inclement weather.
- Under a two-hour delay scenario all schools will begin the day two hours later than the normal starting time. For example, under a two-hour delay the high school will start at 9:30 a.m. rather than 7:30 a.m. All other buildings will begin the school day two hours after their regular start time.
- All morning pick-up times from our transportation department will be two hours later than normal.
- Transportation **WILL NOT** be provided for the Six District Educational Compact career programs.
- All-day kindergarten students will be picked up two hours later than normal.
- PM kindergarten students will be picked up at normal times.
- There will be no AM kindergarten and no AM or PM preschool.

As with school closings, the two-hour delay to the start of the school day will be announced through the local media and our telephone message system to parents. If for any reason the “two-hour delay” is not sufficient to ensure safe travel, the District will close for the entire day. If this is the case, a second call will be made via our telephone messaging service. If you have any questions, please contact Betty Bradshaw at 330-689-5413.
