April 2010

Dear 6th grade Parent/Guardian,

Due to changes in state requirements for the 2010-2011 school year, incoming 7th graders attending Ohio schools are now **required** to receive a Tdap (tetanus, diphtheria and pertussis) shot prior to returning to school in the Fall.

If your child has not received a tetanus shot (Tdap) since kindergarten, your child now needs a Td/Tdap shot to meet these new requirements.

Beat the rush, get your child immunized NOW!

You can call the Summit County Health Department (330-926-5681) to schedule an appointment or contact your family physician to receive this required shot for your child.

Once your child has received this shot, please complete the back of this form and return this form to your child's school as proof the shot was given. If you have any further questions, please contact your School Nurse or the Summit County General Health District.

Thank you for your attention,
